Important Information

The information revealed to us in your application form together with any additional questionnaires and medical evidence of health have enabled us to underwrite your application. The non-disclosure of any material facts, or untrue answers will entitle Absa Life to repudiate liability, and the policy will be null and void.

This acceptance letter is valid for 30 days from the date of this letter. If the policy has not been issued by that date, further medical evidence may be called for.

Should a change have taken place in the occupation or state of health or any other material circumstances of any lives assured detailed above, which may affect the risk of assurance between the date of the proposal and the date the premium is received, please inform us immediately in writing so that if required we can reassess the proposal.

Premiums are payable in advance and will be debited to your account. It is your responsibility to ensure that there are sufficient funds in your account. Your policy will lapse if the premiums are not paid, and no benefits will then be payable in the event of a claim.

The Benefits relating to the Policy will come into force when the total Premium is received by Absa Life. The Policy documents will be despatched following commencement, and it is important that you check through the details and ensure that they are correct. When a claim has occurred, please advise Absa Life direct at the above address, to avoid any unnecessary delays.

In general, the events in respect of which benefits are payable are death, or total and permanent disablement, or diagnosis of one of the dread diseases listed in your policy. Please consult your policy document and schedule for the exact definitions of claim events as well as exclusions applicable to each benefit.

In the event of a death claim, or if applicable, a permanent disability claim or a dread disease claim, the sum assured will be credited to the outstanding loan account for which this policy forms security. The balance, if any, will be paid to the assured, to the estate of the assured or to a nominated beneficiary. The total claims payable in terms of any benefit under this policy may not exceed the sum assured of the life cover; once this amount has been paid, the policy terminates and no other benefits will be payable.

You have the right to withdraw from the contract within 30 days of the date of this letter. This may be done by writing

"CANCEL" across this document, dating and signing it, and returning it to the above postal address. A premium may however, be charged for the days on which Absa Life provided assurance cover.

Replacement of any assurance is generally to your disadvantage because it involves the duplication of initial costs charged to the policy. If your application is to replace the whole or any part of your existing assurance with any assurer, a replacement advice record should have been completed in consultation with your Financial Adviser. Where a replacement advice record has been completed, a copy is enclosed for your reference.

Should you have any queries, kindly contact your Financial Adviser, or Absa Life at the contact numbers quoted above.

In the event that you do contact Absa Life and your query is not resolved to your satisfaction, a written complaint may be forwarded to the Chairman of the Absa Life Complaints Resolution Committee at the abovementioned address.

Yours sincerely
for Manager
